Who we are

Brunel Insurance for People provide expert advice and insurance solutions for a vast range of personal insurance-related matters. Our specialist areas range from high-value homes through to prestige car, travel and much more.

Brunel's independence and access to a wide market allows us to arrange bespoke policies tailored around your individual requirements.

Across the Group we work with over 8,000 corporate, commercial and personal UK clients, covering an array of insurance matters. With six UK offices, we work nationally whilst ensuring all clients receive personalised advice and excellent service.

Our bespoke insurance packages can include cover for:

- Single and annual travel
- Travel with pre-existing medical conditions
- High-net-worth household
- Listed properties
- Valuable jewellery, fine art & collectibles
- Estates insurance
- Holiday & overseas homes
- Cars including high performance
- Pleasure craft & yacht insurance

Bespoke insurance policies

Medical treatment overseas, particularly in the USA, can be costly so it's important to have the right policy for your trip allowing you to relax in the knowledge that should the worst happen you will have access to the help and cover you need.

Despite this, as many as 10 million holidaymakers travel without the right insurance, sometimes with no cover at all.¹

If you're planning on partaking in any high-risk activities such as winter, water or extreme sports, or if you're travelling for business or relaxing on a cruise, we'll build your insurance solution around your unique trip.

We can also cater for people travelling against the advice of the Foreign, Commonwealth & Development Office, people with various medical conditions, older travellers, backpackers and long stay trips, single trips, annual multi trips, cruise cover, one-way trip cover, sports trips and business trips.

If you enjoy luxury holidays, your travel insurance needs to keep up with your needs. We can provide cover for cancellation upwards of £50,000 per person and can also make allowances for extended durations. Whether its an around the world cruise or an extended stay in your second home, we can ensure that you're covered for the full value of your holiday. We can also offer a top up cancellation cover policy to run alongside any existing cover should you require a higher limit.

Don't let the unexpected ruin your long-awaited holiday. Our team of experts are here to find a policy that will have you covered, come rain or shine.
